

Scotland's Charter for a tobacco-free generation

Every baby should be born free from the harmful effects of tobacco

Children have a particular need for a smoke-free environment

All children should play, learn and socialise in places that are free from tobacco

Every child has the right to effective education that equips them to make positive informed choices on tobacco and health

All young people should be protected from the commercial interests which profit from recruiting new smokers

Any young person who smokes should be offered accessible support to help them become tobacco-free
